CIMS FOUNDATION

Gave him a New Heart. A New Life

Offering Hope and Heart to Heart Transplant Patients

Donate generously and
SAVE A LIFE

Heart / Organ Transplant

Donate

for a Heart and Life

In India, only about 100 heart transplants are performed annually. Whereas in the US, about 3000 heart transplants take place in a year.

Heart Transplant

Reason →

Heart Failure

Reason →

- Heart Attack
- Congenital (at birth) Heart Disease

Each heart transplant costs nearly ₹ 20 lakhs (2 millions) inclusive of the transplant surgery and post surgery rehabilitation expenses.

Prohibitive heart transplant treatment costs are a major concern for so many patients-in waiting.

In India, sadly, about 50,000 patients die annually waiting for a heart transplant.

For needy patients, CIMS doctors are ready to do surgery free of cost.

“The rich must live more simple so that the poor may simply live”
-Mahatma Gandhi

Let us make Heart Transplant 'affordable' to make it more accessible.

CIMS HOSPITAL : GUJARAT'S 4 HEART TRANSPLANT CENTRE

"To carve the journey from Heart to Heart, the social and emotional support was given to me by my family, grace from Ma Momai and right medical support was given by CIMS Hospital. Not only this, but very timely and considerable financial aid was provided to us by CIMS Foundation.

- Arjanbhai Hardasbhai Ambaliya

I am grateful to the CIMS Doctors for giving me a new life on completion of such a major operation

- Kalpesh Katrodiya

I got new life and ray of hope after getting heart transplant operation at CIMS Hospital . I am thankful to Dr Dhiren shah and Dr Ajay Naik for new lease of life to me . I appeal to all Indian Peoples to come forward and take part in Donating organs, so that we can save somebody's life.

- Sohel Vora

I am thankful to Heart transplant team of CIMS Hospital for giving me new life and normal life . I am indebted to Kushal Goswami family who gave heart donation for my transplant surgery.

- Rekhaben Navadiya

Your contribution can make the difference between life and death. The needs are many. But hands are few.
